

# VANNI

## COLOURS OF VANNI

a spring of VANNI colours and Leone pastel flavours

To celebrate the hues of the upcoming spring/summer, **VANNI** is presenting a collection of combi metal and acetate prescription glasses in the brightest of mouth-watering colours. Literally mouth-watering since every pair of glasses packs a sweet surprise: a bouquet of Leone pastels – Turin confectionery with 150 years of history – set amid the personalized colours of a **VANNI** frame.

The acetates come in a palette of 5 colour patterns with a running white stripe recalling moiré fabric. Generally strawberry pink, orange, violet, aqua green and yellow, the frames are in soft, rather feminine and also unisex shapes, and sizes that strike a happy balance.

Hinge comfort ensured by the **VANNI Mech-flex system**.
